We the undersigned, being all of the directors of the Company (the "**Board**"), having due regard to the directors' duties, including those set out in sections 171-177 of the Act, and in addition to the general duty to act in good faith in a manner which would be most likely to promote the success of the Company for the benefit of its members as a whole, having regard (amongst other matters) to each of the factors listed in section 172 of the Act, including, in particular, section 172(3) of the Act, which provides that the duty imposed by section 172 is subject to any enactment or rule of law requiring directors, in certain circumstances, to consider or act in the interests of the creditors of the company, pass the following resolutions of the directors of the Company in accordance with Company's articles of association.

WHEREAS the Board has, over several months, monitored the Company's financial position and has reviewed and considered materials presented by the management of the Company and the Company's financial and legal advisers in relation to such financial position and the possible solutions available.

WHEREAS it has been proposed that the Company and certain members of the Company's group should file voluntary petitions for relief under the provisions of chapter 11 of title 11 of the United States Code, 11 U.S.C. (the "**Bankruptcy Code**") in order to stabilise the Company's (and its wider group's) financial position (the "**Chapter 11 Filing**"). It was also noted that, under these plans, it was expected that the Company and other US, UK, Jersey and Hungary based members of the group would benefit from funding provided under a new "debtor in possession" loan facility (the "**DIP Financing**") that would help them to stabilise their financial position and, in particular, to meet their liabilities as they fall due. It was also noted that it was proposed that the Company would provide a guarantee and grant security in connection with the DIP Financing. The Board noted that it was proposed that the near-final versions of the definitive documents required to be signed in connection with the DIP Financing would be approved separately, subject to the approval of the Chapter 11 Filing and the terms of the DIP Financing.

WHEREAS the Board has considered whether the Company has a reasonable prospect of avoiding insolvent liquidation or administration for the purposes of sections 214 and 246ZB of the Insolvency Act 1986. It has been noted that the Chapter 11 Filing would bring certain protections against creditors bringing certain actions and claims against the Company and that the DIP Financing should enable the Company to continue meeting their obligations as they fall due. It is further noted that the Chapter 11 Filing is a pre-condition to the DIP Financing.
